# Privacy Indicator

# Privacy Indicator

## FEATURES

Privacy indicator uses a red/green window to indicate if the door is in the locked or unlock position (deadbolt position). The indicator also works as an emergency release to retract the deadbolt. The Privacy indicator is used on Bathroom, Privacy and Bedroom lock functions (F-02, F-19).

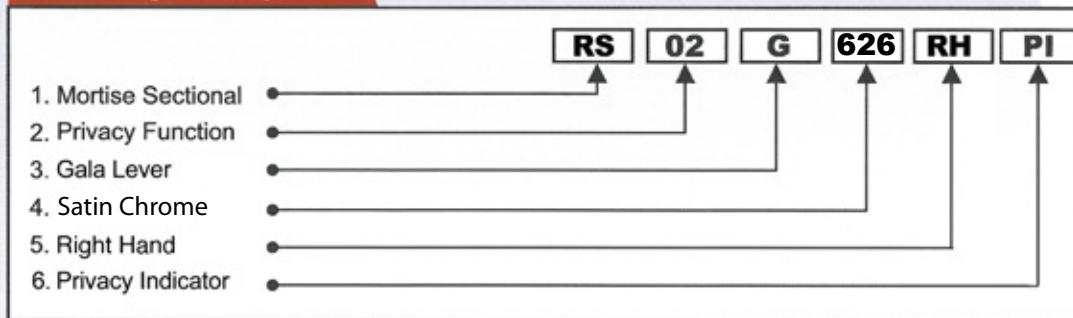

### Specifications

- Green and red windows provide clear indication of when door is in the locked position.
- Provides ability to unlock the door in case of emergency.
- Ideal for common areas, such as bathrooms, where privacy can be indicated.
- Finishes: 626
